

Health News (Week 44 - 2020)

By Robert Redfern

There is an old saying: Insanity is doing the same thing over and over again and hoping things will get better.

Over the past 40 weeks, I have written over 30 Coronavirus newsletters saying much the same thing in each newsletter but with a different point of view, or with new information.

To be clear, I was hoping things would get better and the thousands of honest doctors and Nobel prize winners who signed the [Great Barrington Declaration](#) would cause the politicians to reverse their insane actions but alas no.

No matter how highly qualified or eminent the signatories to the declaration the Pharma/Medical Cartel have, such an iron grip on the politicians and media it is beyond any logic that I can understand. In fact, it confirms what I have repeatedly claimed in my newsletters - that this is a gigantic criminal conspiracy to take over the world and to quote Bill and Melinda Gate's assertion "[to reduce the world population](#)". Why save millions of lives with a vaccine if they want to reduce the world population? Is it to choose whose life to end or to save?

Covid News

USA - The National Institutes of Health (NIH) recently announced that the federal agency would take the radical step of prohibiting early treatments nationwide for COVID-infected patients, except those already hospitalized and requiring oxygen. *Why would they do such a thing, to kill more people?*

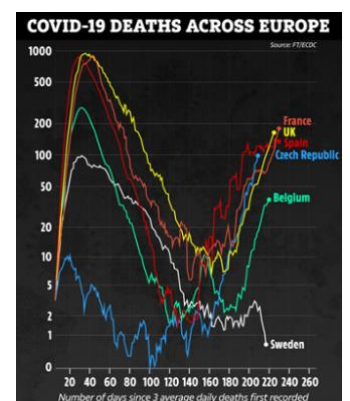

Masks

Be ready for Media Alarm about a large influx of patients with respiratory/breathing problems (not mentioning this is a side effect of wearing masks). The media will claim these are 'Covid' patients but omit rebreathing exhaled air and increasing the CO2 in the bloodstream will destroy red blood cells reducing oxygen and iron transport to the lungs. Don't wear a mask a minute longer than you need to and unless you are forced to. Then only wear the full Perspex Face mask that I use in mandatory circumstances. You can purchase these on Amazon and eBay for around the cost of £/\$10 for 2 day delivery or £/\$4 for 28 day delivery.

Lockdowns

Lockdowns are increasing around the world in spite of the results from Sweden showing that it makes no difference. Sweden has a population of around 10 million, only slightly higher than London's and yet similar deaths. Sweden's majority of their 6,000 deaths were in care homes as they, like most countries, did not shield them. Now Sweden is shielding care homes, and they are not seeing the rise in deaths the same as other countries, despite having no lockdowns. All businesses are still open, with no catastrophic financial crash.

Covid Deaths and Cases

I explained last week about Covid deaths being manipulated by fraud. That coronavirus figures are open to manipulation since the WHO gave two codes for cause of death; U07.1(lab test confirmation of COVID-19) and U07.2 (suspected COVID-19). This second code allows the fraudulent claim for Covid deaths.

Cases

Are meaningless since the PCR test does not diagnose Covid-19 and is therefore it is part of the fraud to terrorise the population.

The Real Things We Need to be Concerned About

50 million people die from real and serious health problems. Yet as few as 200,000 died from so-called Covid-19 and at worst under 1million throughout the world. Governments are destroying our children's and grandchildren's futures to save a few 'at risk' unhealthy people. Yet they do nothing about banning junk foods and drinks as well as mandating nutritional supplements for all. I would willingly forfeit my future for the sake of my 8 grandchildren and 3 children. However, this is easy for me to say since I don't eat junk food and drinks and take a wide range of nutritional supplements.

Here are 4 of my best newsletters for you to revisit to get the full spectrum of my thoughts on all of this mess over this last 9 months.
