Good News! Issue 36 Of NHN Magazine Now Available

Firstly, I am pleased to announce that [Issue 36](#) of my magazine is now available for download as well as a discount code for use throughout the rest of the year from Good Health Naturally.

My 'Robert's Rant' is particularly important which you can find on Page 30 and I believe it should be a spur to get healthy and keep away from doctors' drug treatments.

Enjoy and leave your feedback at NaturallyHealthyNews.com

Most days I get Good News from readers' feedback who have followed my plans and recover their health. This week I am getting daily feedback for Alzheimer's, Dementia and Parkinson's from very happy people who are recovering from these nasty conditions as well as those who have been caring for them. They show how critical the diet change is to recovering from such difficult conditions. I wish it was as easy as popping supplements but it is not true. No matter what you read, the diet is equally as critical as essential missing nutrients.

On the same Good News Note, I trust you will enjoy reading my Latest Magazine.

Download it by simply click on the magazine image and to use your 10% discount code **HEALTHIER19** at checkout, click on any of the products in your magazine or go to your store.

I hope you enjoy the read and find the information useful for your health. If you have received the Magazine in the postal mail in error (or not received it), please do not send it back but simply give it to a friend or family member and click [UPDATE MY INFORMATION](#) to stop it for all future mailing changes.

If you would like to change your details or address, preferences, or to unsubscribe from our mailings, you would be helping us greatly if you would click [UPDATE MY INFORMATION](#) to go to a form that will automate it.
