

Health News (Week 34 - 2021)

By Robert Redfern

Today's Newsletter

I am having a day off as Anne and I are in Mallorca. Since it is an hour ahead here it will not work. Instead, I am making available a replay of my Serrapeptase Webinar I did recently. Halfway down this email, you will find the videos from the evening.

If you have already seen it, and you want to read something of interest to you, then search at <http://www.NaturallyHealthyNews.info> in the search box, top right. For example, enter heart valves and you will find all of my articles and newsletters containing those words.

Thank you to everybody who joined us for the The “Miracle” Enzyme is Serrapeptase Live Webinar with Robert Redfern. We really appreciate the interest and appreciated all of the questions and feedback from our participants.

Apologies to those who got locked out due to the huge amount of participants watching and to those who could not make it.

Webinar Recap

Did you miss the webinar? Or would you simply like a recap of the presentation? Watch the webinar to discover the benefits of the “Miracle” Enzyme, Serrapeptase

Topics covered:

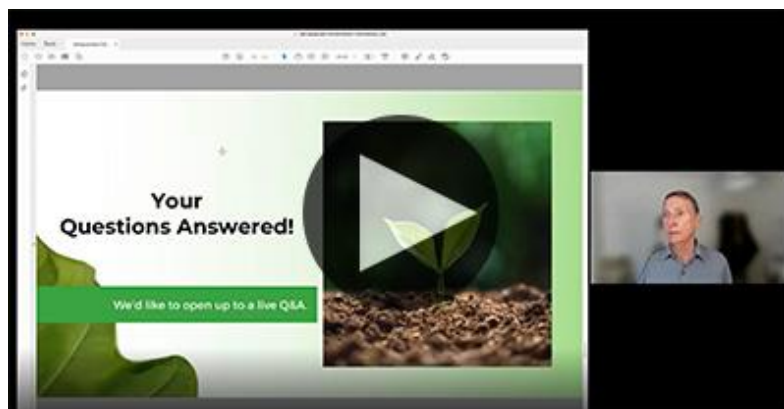

- What is Serrapeptase for?
- The Origin of Serrapeptase
- Comparing Serrapeptase

- Introducing the World's Bestselling Serrapeptase
- Real Life Testimonials
- Live Q&A

"The very best product for pain relief without side effects that I have tried keeps my knee pain free and keeps me mobile - highly recommend for long term use."

- Patricia Smith

Serranol®

Powerful combination formula of SerraEnzyme® 80,000IU, 250mg Meriva Curcumin from CurcuminX4000, 50mg of Ecklonia Cava Extract and 1000IU Vitamin D3 in one capsule. 90 vegetable capsules.

[SHOP NOW](#)

"It works for me and has made my joints less painful and more importantly much more mobile. Before taking serranol I could only walk a few hundred yards now I walk 5+ miles every day."

- Paul Jackson

SerraPlus+®

SerraEnzyme® 80,000IU of Serrapeptase with 350mg of MSM and 20% Fulvic Mineral Complex content. Available as delayed release capsules. 60 quad strength capsules.

[**SHOP NOW**](#)

"I have found a big difference in my flexibility using this. I take 2 capsules each morning and that eases up my stiff back after about half an hour. Then I am set for the day. If pain is particularly bad any day I take a further couple of tablets later on. They really do work."

- Paul of Broomfield

BlockBuster® AllClear

A powerful blend of Serrapeptase, Nattokinase, Digestive Enzymes, antioxidants and proanthocyanidins (Grape Seed Extract and Pine Bark Extract 95%). Powerful support for arterial and cardiovascular health. 120 vegetable capsules.

[**SHOP NOW**](#)

"I noticed a huge change in the coloration of leg circulation, my toes have been black for such a long time, and skin to ankles similar, since using this product, everyone is now making comments on how pink my toes are again. I am delighted with the results."

- Agnes Bond

SerraPet®

Provides 250,000IU maximum strength Serrapeptase tablets. Used by vets. Supports natural healing for a wide variety of conditions. Safe to take for all animals, including horses, cats and dogs. 90 max strength tablets.

[**SHOP NOW**](#)

"Brilliant product! My cat's arthritis has improved immensely and she's much more lively. Thank you from us both."

- Robin

The Miracle Enzyme Book

Read all about Serrapeptase, including the history, the studies, why it is called The 'Miracle' Enzyme, how it helps the body naturally heal itself, and most importantly, how it can benefit you.

Remember

"You can trace every sickness, every disease and every ailment to a mineral deficiency." – Linus Pauling.

Nothing that comes from doctors via the Pharma/Medical Cartel is designed to get you and your family healthy (except emergency treatment in urgent cases).

I recommend everyone take 10-20,000IU of Vitamin D3 for a recovery period and then 5,000IU thereafter + Missing Nutrients, Daily.

Take good care of yourself,

Robert Redfern
